

## Confair® folding table.

440 range. Technical details.

### Function

Moveable, collapsible and linkable table range for flexible, dynamic use of conference and communication areas. Just one single step is required to open out or collapse up to three metre long, barrel-shaped or rectangular tables. The tables can also be linked to form conference systems using table-table connectors. Large-sized wheels allow the tables to be transported in buildings and come complete with a locking brake. As a result, minimum cost and effort is required to manage conference spaces. Ideal for multi-purpose conference interiors in high quality design. Alternatively as a wild card in combination with the Logon table range for conference spaces with a variety of partition options, or with Timetable for sophisticated training and seminar spaces.

### Frame

Die-cast aluminium foot sections, bright chromium-plated, polished or coated in silver satin finish or black. Aluminium profile uprights and frames, clear anodized or coated in the same colours as the foot sections. With bright chromium-plated foot sections the uprights are coated black. Black polyamide lockable castors.

### Core material of table top

Laminboard with bullnose double, concealed lipping with integrated impact-resilient profile in black elastomer. Straight version of table top without any profile along central joining edge.

### Table top group 1 – laminate

Thickness 26 mm (1")  
Laminate according to Wilkhahn colour and surface finish samples with laminated beech lipping, natural oiled finish.

### Table top group 2 – veneer

Thickness 26 mm (1")  
Variation 1:  
Beech veneer according to Wilkhahn woodstain colour samples with laminated beech lipping or oak, or ash veneer according to Wilkhahn woodstain colour samples with lipping, as far as possible in the same colour as the veneer.  
Variation 2:  
Maple, elm or walnut veneer, as well as Wilkhahn veneer Mocca according to Wilkhahn woodstain colour samples with lipping, as far as possible in the same colour as the veneer.

### Veneer types

As a standard, veneers are slip-matched method onto the table top.  
The surfaces are sealed with clear lacquer: Open-pore: oak, ash, walnut and elm veneer, as well as Wilkhahn Mocca veneer. Closed-pore: maple and beech veneer.  
Some specific growth features possible.

### Table top group 3 – linoleum

Table top thickness 27 mm (1 1/8").  
Linoleum according to Wilkhahn linoleum colour samples, laminated beech lipping, natural oiled finish.

### Accessories

#### Single table portal

Hinged cover in the same colour and material as the table top surface with brush strip for cable exit. Aperture with real wood lipping, as far as possible in the same colour as the table top.  
Hinge allows 180° opening angle.  
Single table portal:  
350 x 150 mm (13 3/4" x 5 7/8") or  
300 x 150 mm (11 3/4" x 5 7/8").  
Linoleum on request.

#### Standards

The Confair folding tables comply with ANSI/BIFMA X 5.5.

**In addition to standard versions, a variety of customized options are available. Forms, dimensions, surfaces and prices on request.**

**When placing repeat orders, please indicate whether your table tops have slip-matched or book-matched veneer.**

**Please note:  
The lengths increase in increments of 10 cm. (3 7/8")  
In-between sizes on request.**

### 440

Boat-shaped, 90/110 x 260, H 73 (35 3/8" / 43 1/4" x 102 3/8", H 28 3/4")  
Rectangular, 90–120 x 180–300, H 73  
(35 3/8"–47 1/4" x 70 7/8"–118 1/8", H 28 3/4")

### Edge profiles

Standard version:  
Bullnose double with integral, impact-resilient profile

Alternatively:  
Straight with integral, impact-resilient profile

All dimensions in cm (inches).
